**MINISTRY OF HEALTH  
BRUNEI DARUSSALAM**

**Specialty Area : Community Child Health**

|                  |  |
|------------------|--|
| <b>Post</b>      | : Medical Officer Grade II                       |
| <b>Pay Scale</b> | : ( MD16 ) BND\$3885.00 – BND \$ 4675.00 / Month |
| <b>Ministry</b>  | : Ministry of Health                             |

**Job Description:**

A Medical Officer in the Child Health Care with the Primary Health Care Services would be responsible, but not limited, to:

- Primarily be responsible for providing a fully community based child health care service which involves routine physical and developmental screening of children aged 0-5 years old.
- Provide clinical management and appropriate referrals to secondary/tertiary care for 0-5 years old children, when required.
- Monitor the immunisation status of 0-5 years old children during child health surveillance visits.
- Educate and counsel patients and families on health education and promotion, and disease prevention.

Medical officers will be required to work in any of the government or its affiliate's hospital/ Health centres and where necessary will be required to cover work in related specialties or in hospital other than the primarily assigned workplace. Doctors will also be required to do medical cover duties for major national events and be prepared to be involved in any national disaster.

**Job Requirements:**

- Possess a Primary Medical Degree; MBBS or its equivalent and registrable with the Brunei Medical Board
- Have completed a minimum of pre-registration house jobs and a second post-graduate clinical job equivalent of Foundation training.
- Have a minimum of 5 years of post-graduate work experience in Paediatrics, (and preferably with experience in child health surveillance cases).
- Have a good command of English (IELTS 7; 'O'-level or Higher School Certificate English).

**What is expected:**

- Support the core values of the Ministry
- Have good communication skills and must be a team player
- Be kind, caring and show empathy to patients and relatives
- Be prepared to be assigned for work at any time and places required by the service.
- Be familiar with Information Technology and comfortable working using electronic clinical records
- Keen to learn and have own initiatives for self-development (continuing medical education) and are required to show progression in own training within the 3-year contract.
- Be involved in academic, research and audit activities.
- Be proactive; have initiatives to develop and enhance the services
- Be flexible and willing to work hard
