

INFORMATION FOR EMPLOYER/ORGANISATION HIRING AHP

Prior to hiring any prospective Allied Health Professional, the employer is advised to check with the candidate if he/she holds a valid registration with AHPCBD. Otherwise, the employer/organisation must submit the relevant documents to the Council to determine if the candidate is eligible for registration. Please refer to the checklist (AHPCBD/E) from the Downloadable Documents section for the documents required by the Council for conducting **Assessment of Registration Eligibility**.

If the prospective AHP is a foreigner, the employer/organisation is required to apply for the supporting letter in the application of obtaining the Foreign Worker Licence under the Department of Labour, Ministry of Home Affairs (refer to the Application Forms for Supporting Letter section under Boards Management Office, Ministry of Health).

Prospective AHP may be required to undergo and pass the relevant Registration Qualifying Assessment if he/she does not fulfil the requirements for registration.
