

NEXT DAY

Did the injection hurt?

Not really, it's just like the usual

Oh Really...?

Yeah!  
The nurse said that we can just see the doctor if there are any problems after receiving the injection

کمنٲر ٲن کٲٲٲٲٲ

Sounds good! If that's the case then I'll remind my parents to sign the consent form for me later

How about us teacher?

The HPV vaccination is only for girls dear

Alhamdulillah, now my daughter can be protected against cervical cancer with this HPV vaccination

Do you know what this vaccination is for?

Yes nurse.....To prevent cervical cancer

Dear you will receive 1 more vaccination after this

Oh?! When would that be nurse?

Second HPV vaccination will be 6 months after your first HPV vaccination

- ▶ HPV stands for **Human Papilloma Virus**
- ▶ HPV infection can cause cervical cancer
- ▶ HPV vaccination can prevent cervical cancer
